'ensuring your event is SASREA compliant'

'there when you need us'

Reducing attendees and organisers risk through the provision of a rapid response, on-site, competent, first point of call medical emergency standby & support service.

SPECIALIZED MEDICAL SUPPORT

on-site Medical Support

THE OBJECTIVE

Specialized Medical Support is positioned to provide medical direction and physician, emergency nurse and paramedical support to major events and sporting fixtures across South Africa.

We provide on-site medical care to large public events such as sporting events, team building, concerts, horse shows and any other large gathering of guests.

- **Specialized Medical Support** have developed event emergency medical support solutions to provide the necessary event paramedics, ground ambulances and medical facilities for large gatherings.
If you require bespoke services for your special event, we can tailor our packages to ensure that they precisely meet your specific requirements and priorities.
- **Specialized Medical Support** specialize in providing Paramedics, Emergency Medical Technicians, and Medical Staff to any sporting or recreational events at Club, Regional, National and International levels.

'The Safety at Sports and Recreational Events Act (SASREA) compels event organisers to provide sufficient emergency medical services present during an event. Specialized Medical Support supplies HPCSA registered personnel to ensure the event is compliant with SANS 10366 in terms of medical standby.'

THE SERVICE

Event services are provided by Basic Ambulance Assist and Intermediate Life Support professionals based on event requirements (SANS 10366).

This can be supplemented by a Advanced Life Support Specialist if required.

Can we afford this?
The question should really be,
can we not?

- Liaison and/or provision of appropriate ambulance service for transportation of the patients if required

- The sports, recreation and event sectors can often be unpredictable and at times hazardous, which is why having the right medical support can make all the difference.
- Our event staff ensure rapid medical intervention in the event of an injury
- Our core competence is contained in the delivery of world class emergency medical assistance, which coupled with extensive management expertise serves to mitigate risk on behalf of our clients, whether corporate or private events, festivals, galas and special operations.

OUR TEAM
Qualified, registered, passionate and dedicated medical professionals provide a rapid response service or the peace of mind of event guests and organisers.

Quick response is the key to any medical emergency.
On-site medics provide professional prompt medical assistance
